

2ND ANNUAL

BOYS SUMMER BASKETBALL CAMP

About the camp... This is a teaching camp designed to educate the fundamentals of basketball. Whether new to the game or having played for several years, campers will leave with a better knowledge of how to play the game and how to improve their skills. A strong focus will be put on individual offensive and defensive skills. Offensively campers will learn how to develop their shooting, ball handling, passing, catching and moving without the basketball. Defensively campers will learn how to develop closing out on shooters, defending the ball, defending off the ball and rebounding. Individual work will be built into team offense and team defense teaching each camper how to play within a group. Each camper will not only learn a lot but will also have fun through daily scrimmages, and contests. I look forward to working with you this summer!

– Coach Gauthier – Almont Varsity Basketball Coach
